Work Experience

Engineering Intern – Frontend

May 2025 - Aug 2025

Softdel Systems Pvt. Ltd

On-site Pune, Maharashtra

- **Built and shipped** a reusable **React.js UI library** with **data grids and dashboards**, bundled using **Rollup.js** and documented via **Storybook** for internal use at **Softdel**.
- **Leading the Angular + TypeScript frontend** for a live **Contract Management Portal** with multi-step document approvals and **RBAC** for **vendors and clients**.
- Handling **frontend** tasks end-to-end, including **SRS writing**, **Angular component development**, and **API integration** with the **Node.js** backend.
- Collaborating within an **Agile team** environment, participating in **sprint planning**, **reviews**, and **daily stand-ups** to ship production-ready enterprise software.

Freelance Full-Stack Developer - Remote

Dec 2024 - May 2025

- **Built and deployed real-world e-commerce platforms** using **React.js**, **Node.js**, **Express.js**, and **MongoDB** for clients **MaharashtraFarms** (grocery delivery) and **PaanPhool** (plant rentals with **150+** plant products).
- **Took ownership from client brief to full-stack delivery**, including **UI/UX**, custom **admin dashboards**, **API integration**, and **fully responsive** designs optimized for web and mobile.
- Implemented critical features like **OTP-based authentication**, **payment gateway** integration, and automated mailing using **Nodemailer**, boosting client sales and **operational efficiency**.

Skills

- **Programming Languages:** JavaScript/TypeScript, Python, SQL, C/C++
- **Frontend:** React.js, Angular, HTML, CSS, Bootstrap, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, Postman, AWS, Arduino (IoT), Figma

Projects

Smart Parking System - IoT + React.js Web Dashboard

March 2024 - April 2024

- Built a **real-time parking availability tracker** using **IR sensors**, **Arduino**, and **ESP8266**, with **live data pushed to ThingSpeak IoT**.
- Developed a clean **React.js admin panel** to display slot status using **live API integration**.
- Focused on **modularity** and **hardware-to-UI data flow**, simulating a **scalable smart city use case**.

EMS + EV Charging Dashboard (Vue.js) - Softdel Systems (Intern Project)

June 2025

- **Designed a modular dashboard** using **Vue.js** for managing **EV charging stations**, with stations mapping via **LeafletJS**.
- Set up **multi-page navigation** using **Vue Router** and built **scalable, reusable components** for future feature integration.

Education

- **MET's Institute of Engineering, Nashik | Bachelor of Engineering**
Current CGPA: 8.30

2022 - 2026
